How To Enter Your Access Code

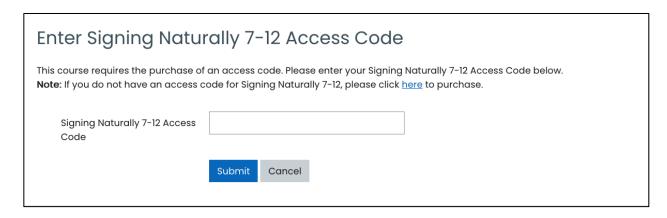

The first time you access Signing Naturally online student materials in your ASL course (on Canvas, Blackboard, D2L/Brightspace, Moodle, or Schoology), you'll need to enter your code. You will only need to follow steps 1-3 once; once completed, you will be able to access all of your assignments without needing to enter your code again.

1. In this example, the Assignment name is "Signing Naturally - Homework 7:1." Your teacher may have chosen a different name. Click on 'Enter your Signing Naturally 7-12 Access Code'

2. You will then see a text box where you can enter your access code, and then click Submit. Be sure to enter your access code exactly as it is written.

3. Once you click submit, you will see a green box saying that "Your changes have been saved successfully!". You can then proceed to click the homework link and begin your assignment.
